

In-Sight's 3 Tier Partnership Plan

In-Sight Collaborative is always willing to explore partnership and collaboration opportunities with other organizations and entities or help individuals bring their ideas to fruition. Below are the three types of partnerships we offer at In-Sight Collaborative. **Please note that In-Sight Collaborative implements exceptional safety and privacy measures for the affected communities that we work with. We expect partner organizations to adhere to the same standards in their operations, marketing, and public imaging. We also request that all participants in partnership with In-Sight Collaborative sign intellectual property agreements before embarking on initiatives in order to protect our work and especially the contributions of people made vulnerable by forced displacement.**

- 1.) **Partnership - Occurs between independent entities that we either provide legal or fiscal sponsorship for, we also work with the independent entity to implement a model of accompaniment that leads to the success of the affected population and the organizations involved in the partnership**
 - a.) With a partnership, partner organizations are responsible for their own web presence and a written proposal on how they want to partner with In-Sight Collaborative.
 - b.) Due to the nature of this collaboration, a partner organization will have more autonomy on how they want to present themselves. In-Sight will use discretion on each partner to determine if their mission, vision, and projects match In-Sight's organizational values and mission.
 - c.) In-Sight will offer partner organizations tools, services, and mentorship to invest in inclusive and community-directed interventions.
 - d.) Joint fundraising initiatives will be
 - i.) For funds granted to the partner entity's own projects and programs, In-Sight Collaborative will take a 15% administrative fee and will send the net proceeds to the partner entity's bank account
 - ii.) Funds designated to a particular good or service that is to be purchased within the partnership will be sent directly to the vendor
 - e.) A written MOU will be created with each partner at the initiation of this collaboration. This MOU will detail responsibilities and a shared set of values and expectations including:
 - i.) A collaborative assessment, monitoring, implementation, and evaluation strategy
 - ii.) Shared values

- iii.) Shared financial responsibilities
- iv.) Shared fundraising responsibilities

2.) In-Sight Initiative - Is a single individual or group that is not an independent entity, yet wants to develop a specific project or model of projects and want legal, financial, web presence, and the administrative support of In-Sight.

- a.) With an initiative In-Sight assumes primary responsibility of messaging, web presence, and adherence to In-Sight's mission, values, and operational documents.
 - i.) In-Sight develops donor-facing language.
 - ii.) In-Sight promises to keep an up-to-date web presence for said initiatives.
 - iii.) In-Sight oversees the initiative's assessment, planning, implementation, and evaluation to ensure the adherence to mission, values, and operational documents.
- b.) Initiative Coordinator is responsible for creating web content and approving that content through In-Sight's Initiative Mentor and the board of directors when applicable.
- c.) A 15% operational fee will be applied to all fundraising conducted each quarter for In-Sight Initiatives. This will cover the following:
 - i.) Website maintenance
 - ii.) Attorney and accountant fees
 - iii.) Non-profit management platforms utilized on behalf of the initiative
 - iv.) Banking fees
- d.) A contract will be developed to clearly define roles of participants and agreement to adhere to In-Sight Collaborative's guidelines and policies
- e.) *In-Sight Collaborative recognizes the potential for the Initiative Phase to cultivate the growth of an independent entity that then transitions to the partnership phase when agreed upon by both parties*

3.) Joint Campaigns

- a.) A single but potentially recurring project with a separate entity that In-Sight will help support through fundraising and advocacy campaigns.
- b.) A written MOU will be created with each partner at the initiation of this project. This MOU will detail responsibilities and a shared set of values and expectations for the project, including:
 - i.) Shared financial responsibilities
 - ii.) Shared fundraising responsibilities
