

Crafts Raffle

Are you a crafty person with an extra hand-knit scarf, carefully strung beaded necklace, or gorgeous new piece of art hanging around? Then this is the activity for you! If you are an avid creator and want to use your skills to benefit our advocacy and aid delivery projects, here is an easy step-by-step process to conduct a social media raffle.

Your piece can be “donated” to our fundraising efforts through a social media raffle. Just follow these easy steps:

1. Create your craft that you want to raffle off
2. Take pictures of your final product
3. Use our template resources from the Social Media Raffle packet available at this link

4. Select how you would like to collect funds for your raffle. We recommend using a customized Venmo QR code. Here is a tutorial for how to create your own

5. Select the duration of your raffle and announce the start of your raffle on your social media page. Be sure to tag our accounts so that we can share and spread the word!
6. When your raffle has concluded, you can arrange to transfer the funds to us the following way:
 - Via PayPal on our website, just be sure to select the designation for your preferred project, otherwise it will be designated to In-Sight's general fund – 2.6% fee [CLICK HERE](#)
 - Via bank transfer (please contact info@in-sightcollaborative.org for routing and account number) - \$1 fee.
 - Via GoFundMe - no fee [CLICK HERE](#).
 - Via cash or check mailed to a signatory on our business account– no fee.
